Company Profile

RIGHT STUFF

WHERE IT COUNTS TO BE SEEN!™

Right Stuff is a leading international supplier of custom-made portable branding. Our products are versatile, cost-effective and simple to use, ensuring that your brand receives maximum exposure.

Our extensive product range is available in various sizes and custom-printed in any colour, with our own in-house designers available to assist with artwork preparation. We are equipped with Adobe Creative Suite, Freehand and Corel Draw to meet the demands of the industry. Armed with PC and Mac capabilities, our designers are on call to answer any questions regarding products, print specifications or artwork queries.

Our products require artwork to be set up in our specially-designed templates which may be requested should you wish to arrange your own designs. We provide the convenience of an FTP server for clients to upload and download artwork. This is a useful option for international and local clients to send us their artwork quickly and economically.

We distinguish ourselves from the rest of the industry with our quality, price and above all, excellent customer service.

Right Stuff is an accredited contributor to Black Economic Empowerment.

Hoodzpeaks™

Hoodzpeaks™ are patented visor attachments which are specially-designed for peaks and caps. They snap onto your favourite cap easily, providing additional sun protection for the critical high-risk zones - the face and ears. Coverage extends well over the edge of the cap, thereby substantially reducing the risk of sunburn.

Hoodzpeaks™ are custom-printed, providing an excellent branding opportunity at public events.

Dart Ad® Banner

The Dart Ad® is ideal for indoor and outdoor advertising. This patented product is custom-branded, lightweight and eye-catching.

It has 3 double-sided wind-driven rotating panels, providing 6 printable surfaces. The Dart Ad® has a range of additional hardware options including an indoor stand, outdoor spike, gazebo clamps and spinning wall mounts.

National Phase Application
USA, Europe, Canada, China, Australia

Registered Design 2005/1103
Patent No.: 2005/6649
PCT: ZA2006 000098

Dart Ad[®] Banner

The Dart Ad[®] is a very unique banner by design. It's rotating motion draws attention to your brand. Several adaptations have been developed to allow the Dart Ad[®] to be used in different ways, thereby expanding your advertising options. As an alternative to displaying the Dart Ad[®] indoors on a stand or outdoors on a spike, you now have the option of using this extremely versatile product in new environments.

- Dart Ads[®] can be attached to gazebos using specially-developed clamps. The addition of movement in the form of the rotating Dart Ads[®] enhances the visual impact of your gazebo.

- Dart Ads[®] can be mounted onto walls at an angle using spinning wall mounts. They can be used on shopfronts or buildings to draw attention by communicating your message in a unique way.

Sizes: 3m x 2.25m RS-PBW

The Pop-up Exhibition Wall is an effective solution for your indoor branding needs due to its great visibility and its easy and quick assembly method. Each wall comes in a large sturdy case with wheels and clips which can be locked for security.

Its lightweight aluminium frame extends out into the shape of the walls. Magnetic bars clip onto the skeletal frame which allows for the graphic panels to be applied. Each panel is easily attached at the top of the frame and is tightly connected to the wall by the magnetic bars.

Carry Case
